

Leflore County

Multi-Purpose Building

Standard
2009

EDI was asked to address a difficult program: providing a building flexible enough to serve as a gymnasium, PE classroom, cafeteria, and football field house. For code and budgetary purposes, we limited the multi-purpose building to approximately 15,000 square feet. A full-height curtain provides visual separation when the building is used in the Dining Room/PE Classroom mode, while retractable bleachers provide seating when the building is used as a gymnasium.
